

Santa Ynez Valley Charter School Drop-off and Pick-up Procedures

The safety of students is our primary concern and we have established drop-off and pick-up procedures to ensure a safe and efficient transition to and from school. Please pay attention to directions from staff members to keep the car line moving and ensure our safety.

Drop-off

Students should be dropped off in the right lane of Tyndall Street at the drop off point. The left lane will be used only for driving through to the exit. The College School District parking lot and bus turnout on Pine Street are not to be used to drop off students at any time.

Pick-up

Students walking home from school should leave campus directly following school, unless involved in after-school activities.

Students being picked up from school should wait with their class by the gate near the flagpole. Students will be picked up in the right lane of the pickup line only, in the first three cars in the line. No student should be picked up any further down the line, and staff members will assist in loading students into the car.

If your child is not ready when you come to the front of the line, please wait or follow directions of the staff member.

Reminders

If you need to park for any reason during pick-up time, please find a safe parking spot on Tyndall or Pine Street. Be careful not to block driveways or walkways when parking. Please note that the end of Tyndall Street is a no-parking zone.

Do not pick up students at the corner of Tyndall and Pine Street. Follow the pick-up procedures as listed above, using the correct pick-up area.

The area around campus is a school zone with posted speed limits at 25 mph.
